

Action Drill & Blast

POL-CORP-001
February 2017

ENVIRONMENTAL POLICY

Action Drill & Blast is committed to responsible environmental management of its business activities.

Action Drill & Blast will continue to minimise any impact to the environment and improve environmental management standards by:

- ✓ Ensuring that we plan, manage and review environmental aspects of all our projects.
- ✓ Complying with relevant environmental, legal, project and other requirements as a minimum, and exceeding these commitments where practicable.
- ✓ Assessing environmental risks and implementing appropriate control measures prior to the commencement of each project.
- ✓ Preventing pollution, reducing waste and where practicable committing to waste recovery and recycling as opposed to disposal.
- ✓ Communicating environmental requirements to all employees and subcontractors.
- ✓ Reviewing environmental performance and identifying opportunities for improvement.
- ✓ Encouraging and seeking the input of employees into our Environmental Management Plans.

Warren Fair
General Manager
