HEALTH & SAFETY POLICY

Action Drill & Blast is committed to providing a healthy and safe workplace and continually improving health and safety performance across its business operation with the key objective of controlling critical risk.

Consistent with this Action Drill & Blast will:

- ▼ Demonstrate continuous improvement in workplace health and safety performance the continuous improvement of our systems and processes and the identification of opportunities to utilise emerging technologies.
- ▼ Maintain our Health and Safety Management Systems in accordance with AS/NZS 45001.
- ▼ Set objectives and targets to reduce health and safety risks and to control critical risk.
- ▼ Manage risk through hazard identification, elimination, control and monitoring using established risk management principles.
- ▼ Consider risk as part of all facets of the business including the procurement process.
- ▼ Ensure that all team members are fully instructed, trained and assessed as competent in the tasks each will be required to perform and in the operation of all plant and equipment each will be required to operate.
- ▼ Communicate and consult with team members, and where appropriate, involve them in the development of practices and procedures aimed at the improvement of workplace health and safety performance.
- ▼ Ensure that team members are fully aware of their legal obligations to take reasonable care to ensure their own health and safety at work and to avoid adversely affecting the health or safety of others through any act or omission.
- ▼ Cooperate with government and the community on occupational health and safety issues and contribute to the development of relevant occupational health and safety policy, legislation, standards and research.
